

2018 **TT/TT S/TT RS**

Audi of America
Media Kit

OVERVIEW

All-new 2018 TT RS Coupe:

- ▶ The all-new 2018 TT RS Coupe features a 2.5-liter TFSI® five-cylinder engine with seven-speed S tronic® automatic transmission and produces 400 hp and 354 lb-ft of torque.² Maximum torque is available between 1,700 and 5,850 rpm.
- ▶ The TT RS sprints from 0 to 60 mph in 3.6 seconds, and achieves a top track speed of 155 mph, or increased to 174 mph with the optional Dynamic plus package.⁴
- ▶ The TT RS is equipped with a four-link rear suspension and a McPherson front suspension with forged aluminum lower control arms. Standard-equipped RS magnetic ride uses a synthetic blend of oils that contain tiny magnetic particles to adjust the firmness of the dampers within a few milliseconds by creating a magnetic field within the shock absorber.
- ▶ The standard quattro® all-wheel drive systems features an electrohydraulic multi-plate clutch, positioned at the end of the prop shaft for ideal axle load distribution.
- ▶ The TT RS comes standard equipped with eight-piston monobloc brake calipers with 370mm ventilated and cross-drilled discs at the front. Also available are front carbon-ceramic brake discs with Anthracite Gray painted calipers as part of the Dynamic plus package.
- ▶ For the first time in a series-production Audi, the TT RS offers available OLED (organic light-emitting diode) rear taillights.
- ▶ The exterior design of the TT RS features sporty elements harkening back to the vehicles racing heritage including larger air intakes, a fixed rear wing spoiler and large oval tailpipes.
- ▶ Additional exterior design highlights include matte Alu-optic exterior mirror housings, front blade, rear diffuser and Singleframe® grille surround.
- ▶ The interior of the TT RS features a driver-oriented cockpit with S sport seats and a three-spoke multifunction flat-bottom sport steering wheel with shift paddles and two steering wheel mounted satellite buttons (engine Start/Stop and Audi drive select).

Model Year 2018 TT and TTS:

- ▶ The 2018 TT Coupe and Roadster feature a 2.0-liter TFSI® four-cylinder engine with six-speed S tronic® dual-clutch automatic transmission to produce 220 hp and 258 lb-ft of torque.²
- ▶ The TTS Coupe also features a 2.0T engine producing 292 hp and 280 lb-ft of torque, and sprints from 0-60 mph in 4.6 seconds.²
- ▶ New for 2018, TT models offer an available S line competition package which includes high gloss exterior accents, aluminum door sills and inlays, red brake calipers, S line sport suspension, leather/Alcantara-trimmed S sport seats with S line embossing and a flat-bottom multifunction S line steering wheel.
- ▶ The TTS Coupe offers an exclusive interior package that includes fine Nappa leather-trimmed S embossed front seats with contrast diamond stitching and extended leather trim and controls in three color options – Calendula Yellow, Crimson Red and Cloudy Gray.
- ▶ Parking sensors are now standard equipment on the TT Coupe and Roadster.

Model Line Highlights:

- ▶ Standard full LED headlights with LED daytime running lights and standard full LED taillights with dynamic rear turn signals on all TT models.
- ▶ Standard quattro® all-wheel-drive applies torque with a fully variable ratio control and is controllable through the Audi drive select system.
- ▶ Standard Audi drive select with four different modes – comfort, auto, dynamic and individual.
- ▶ Standard Audi virtual cockpit featuring a 12.3-inch display that delivers vibrant color at 60 frames per second with NVIDIA® quad core processing power. Specific to the TT RS is a unique screen that displays information on tire pressure, torque and g-forces. When a defined engine speed is reached, the colored background of the scale prompts the driver to upshift via the steering wheel paddle or selector level.
- ▶ Available Bang & Olufsen® Sound System featuring 12 speakers capable of producing 680 watts of pure, crisp sound.
- ▶ Newly available Audi connect® infotainment features including 4G LTE Wi-Fi® hotspot connectivity (where available)¹⁶, streaming audio, social networking, external voice recognition, over-the-air map updates¹³, and INRIX XD® Traffic.¹⁴
- ▶ Available Audi smartphone interface for compatible devices provides Apple CarPlay™ and Google™ Android Auto integration via USB connection.³
- ▶ Available Audi side assist provides blind spot monitoring via LED indicators on the exterior mirror housings at speeds above 9 mph.⁸

ABOUT AUDI OF AMERICA

Audi of America, Inc. and its U.S. dealers offer a full line of German-engineered luxury vehicles. The Audi Group is among the most successful luxury automotive brands globally. In 2016, AUDI AG delivered about 1.87 million Audi automobiles and broke all-time company sales records for the seventh straight year in the U.S. Visit www.audiusa.com or media.audiusa.com for more information regarding Audi vehicles and business topics.

“Audi,” “TFSI,” “quattro,” “e-tron,” “S tronic,” “Audi connect,” “MMI,” “Singleframe,” “FSI,” the four rings logo and all model names are registered trademarks of AUDI AG. All other trademarks are the property of their respective owners.

¹Prices listed are the Manufacturer’s Suggested Retail Prices and do not include destination and delivery (\$975), taxes, title, options, and dealer charges. Dealer sets actual price.

²Always obey all local speed and traffic laws.

³Always pay careful attention to the road, and do not drive while distracted. Not all features available on all operating systems. Standard text and data usage rates apply. These features require compatible device, operating system, and mobile apps. See mobile device and app providers for terms and privacy. “Android, Android Auto, Google Play, and other marks are trademarks of Google Inc. “Apple CarPlay” is a trademark of Apple Inc.

⁴Top track speed electronically limited in U.S. Always obey all speed and traffic laws.

⁵Where stated, fuel economy values (mpg) are EPA estimates. See www.fueleconomy.gov for updated information. Actual mileage will vary and depends on several factors including driving habits and vehicle condition.

⁶See Owner’s Manual for further details and important warnings about the keyless ignition feature. Do not leave vehicle unattended with the engine running, particularly in enclosed spaces.

⁷SiriusXM® Satellite Radio subscriptions sold separately or as a package after trial expires. Subscriptions are governed by SiriusXM® Customer Agreement (see www.siriusxm.com) and are continuous until you call SiriusXM® to cancel. Sirius U.S. Satellite Service available only to those 18 and older in the 48 contiguous U.S.A., D.C and Puerto Rico (with coverage limitations).

⁸Driver Assistance features are not substitutes for attentive driving. See Owner’s Manual for further details, and important limitations.

⁹Always pay careful attention to the road, and do not drive while distracted. See Owner’s Manual for further details, and important limitations

¹⁰Tires are supplied and warranted by their manufacturer. Summer High-performance tires are designed for optimum performance and handling in warm climates. They are not suitable for cold, snowy, or icy weather conditions. If you drive under those circumstances, you should equip your vehicle with all-season or winter tires, which offer better traction under those conditions. We suggest you use the recommended winter or all-season tire specified for your car or its equivalent.

Audi of America
2018 Audi TT / TTS

REVISED JULY 2017
All information subject to change

For additional media inquiries, contact: Amelia.Fine-Morrison@audi.com or Amanda.Koons@audi.com

These high-performance tires also may have a lower aspect ratio that aids performance and handling; however, in order to avoid tire, rim, or vehicle damage, it is important that the inflation pressure is regularly checked and maintained at optimum levels. Please also remember in making your selection that, while these tires deliver responsive handling, they may ride less comfortably and make more noise than other choices. Finally, these tires may wear more quickly than other choices.

¹¹Audi Navigation plus depends on signals from the worldwide Global Positioning Satellite network. The vehicle's electrical system, and existing wireless and satellite technologies, must be available and operating properly for the system to function. The system is designed to provide you with suggested routes in locating addresses, destination and other points of interest. Changes in street names, construction zones, traffic flow, points of interest and other road system changes are beyond the control of Audi of America, Inc. Complete detailed mapping of lanes, roads, streets, toll roads, highways, etc., is not possible, therefore you may encounter discrepancies between the mapping and your actual location. Please rely on your individual judgment in determining whether or not to follow a suggested Audi navigation plus route.

¹²Always pay careful attention to the road, and do not drive while distracted. Audi connect® should only be used when it is safe and appropriate. Audi connect services and features are optional, provided with the support of authorized affiliated and third party service providers, and may require additional subscriptions with separate terms and conditions. Available on select models. Certain services collect location information, see Terms of Service for information about how to disable and for other details.

¹³Connect PRIME services are optional, may require an additional subscription with separate terms and conditions, and should be used only when it is safe and appropriate. Trial or paid subscription required. Connect PRIME services require vehicle cellular connectivity and availability of vehicle GPS signal; certain services collect location information, see Terms of Service for information about how to disable. Online services are subject to change at any time. Google Earth features will not be available after December 2020 for Model Year 2018 & older vehicles. Google Earth is a trademark of Google Inc. See Terms of Service, Privacy Policy, and other details at: <https://www.audiusa.com/privacy> and <https://www.audiusa.com/technology/intelligence/audi-connect/connect-terms>

¹⁴INRIX XD® Traffic is available on Model Year 16+ A6, A7, TT, RS and Model Year 17+ A3, A4, Q7, allroad®, MY18+ A5, Q5 vehicles and is included with an Audi connect subscription. Excludes Audi MY 19 & older Q3 and A8.

¹⁵See dealer or owner's literature for details.

¹⁶Always pay careful attention to the road, and do not drive while distracted. The Wi-Fi hotspot feature is intended for passenger use only. 4G LTE coverage is not available in all areas. Connect PLUS features and technologies are optional, may require an additional subscription with separate terms and conditions, and should be used only when it is safe and appropriate. See materials provided by wireless carrier for terms, privacy, data security details. Returning devices connect automatically and use plan data unless hotspot is removed from device settings.
